

6.5" Two-Way In-Ceiling Loudspeaker

RCR-3

Versatile and easy to install, the RCR-3 delivers sound so good you won't believe it's coming from a ceiling speaker. Sophisticated design and exceptional performance make these Reference Series models the logical choice where quality is as important as stealth. They work extremely well in high-end distributed-music systems and as surround speakers in home theater setups — any application where you need loudspeakers to be heard but not seen.

A 6.5-inch Cerametallic™ cone woofer with a cast-polymer frame and a motor structure far more robust than usual for such a speaker give the RCR-3 a solid bass foundation that defies its size. The coaxially mounted titanium dome compression driver tweeter is mated to a Klipsch Tractrix® Horn that can be swiveled to focus the sound where you need it, which is a great advantage when the speaker must be mounted in a less-than-ideal location. A tweeter attenuation switch gives an added measure of control in tailoring the speaker's output to the acoustics of its environment.

The RCR-3's white frame and grille can be painted to blend into the ceiling. Premium components and superior construction ensure long, trouble-free service.

- High sensitivity and power handling
- Durable cast-polymer frame with shallow 4.5" mounting depth
- Swiveling Tractrix Horn compression driver tweeter and Cerametallic cone woofer
- Adjustable treble output
- Paintable to blend with ceiling
- Rugged ABS frame and rustproof powder-coated aluminum grille

SPECIFICATIONS

BANDWIDTH	42Hz-20kHz ± 3dB
SENSITIVITY	93dB @ 2.83 volts/1meter
NOMINAL IMPEDANCE	8 ohms compatible
CROSSOVER FREQUENCY	2300Hz
POWER HANDLING	50 watts (200 watts peak)
ENCLOSURE TYPE	Infinite baffle system
DRIVE COMPONENTS	Two-way system using one 1" (2.5cm) titanium dome compression driver tweeter with a swiveling 100° symmetrical Tractrix Horn and one 6.5" (16.5cm) Cerametallic cone woofer
WIRE GAUGE ACCOMMODATED	12
WEIGHT	4 lbs. (1.8kg)
DIAMETER	9.25" (23.5cm)
MOUNTING DEPTH	4.5" (11.4cm)
CUTOUT DIMENSIONS	8.25" (21cm)
FINISH	White
INSTALLATION KIT	R-650-IK
