

VF-36

The leader of the Icon V pack, the VF-36 is a remarkable achievement in speaker design. Great for music and movies, this floorstander offers our highly acclaimed power and efficiency at an unbelievably modest price point.

The VF-36 employs three 6.5" fiber-composite woofer cones that are light-weight, yet powerful. Not only do these reliable low-frequency components create improved tonal balance and imaging, they also generate amazing dynamics and deep bass.

Even more remarkable is the VF-36's all-new, patent-pending Tractrix® Horn-loaded tweeter with XT technology. This exclusive design equalizes the speed of sound waves from the horn and smoothes the dispersion pattern.

In order to maintain an even transition between drivers, the VF-36 employs high-definition, precision-voiced crossovers for tighter tolerance and higher accuracy—in other words, a “front and center” soundstage.

The VF-36's slimming and stylish black cabinet with a furniture-grade wood veneer top cap is internally braced for tight, natural bass. The removable top grille opens up the rich, high tones, while the durable fixed grille at the bottom protects the woofers from damage.

- Patent-pending round XT Horn for improved directivity
- Aluminum dome tweeter for precise highs
- Three high-output woofers for amazing lows
- Magnetically shielded to avoid TV interference
- High-style, contemporary black cabinet fits any décor
- Fixed bottom grille protects woofers
- Easy to drive with typical A/V receiver

SPECIFICATIONS

frequency response	36Hz - 23kHz +/- 3dB
low frequency extension	33 Hz
power handling	150 W continuous, 600 W peak
sensitivity	97.5dB
nominal impedance	8 ohms compatible
crossover frequency	1780Hz
drive components	Shielded two-way system utilizing three 6.5" fiber-composite light weight cone woofers and one 1" aluminum dome tweeter mounted in a 6" square 90° X 90° XT Tractrix® Horn
enclosure material	MDF (medium density fiber board)
enclosure type	Bass reflex via front flared port
height	45" (114.3 cm)
width	8.5" (21.6 cm)
depth	15.75" (40 cm)
weight	55 lbs (24.9 kg)
finishes	Black vinyl with furniture-grade black wood veneer top cap
