

WC-24

To the eye, the WC-24 center channel speaker reflects a classic approach, featuring a furniture-grade wood veneer cabinet available in an espresso or a cabernet finish. But to the ear, there is nothing traditional about it.

The WC-24 employs a premium titanium diaphragm compression driver and two high-output fiberglass cone woofers for amazing theater sound. But what really makes this center channel speaker come to life is an all-new patent-pending Tractrix® Horn-loaded tweeter with XT technology. For over 60 years, horns have been the driving force behind our stunningly precise sound; this latest design moves us farther ahead by allowing the WC-24 to deliver an extremely smooth response with constant directivity.

Overall, the entire Icon W Series brings our sound mantra—power, detail and emotion—to a new generation of audio enthusiasts who demand aesthetically pleasing products that deliver outstanding sonic performance.

- Patent-pending XT Tractrix® Horn technology
- Titanium tweeter creates precise high frequencies
- High-output woofers generate hard-hitting lows
- Removable magnetic grille
- Espresso or cabernet wood veneer finish

SPECIFICATIONS

frequency response	85Hz-23kHz +/-3dB
low frequency extension	65Hz
power handling	90W continuous/ 300W peak
sensitivity	94.5dB
nominal impedance	8 Ohms
crossover frequency	2500Hz
high frequency drivers	1" (2.5cm) Titanium diaphragm compression driver mated to a 4.5" 80° x 80° round Tractrix® horn
low frequency drivers	Dual 4.5" (11.4cm) high-output, fiberglass cone woofers
enclosure material	MDF
enclosure type	Bass-reflex via dual front-firing ports
height	6.5" (16.5cm)
width	18" (45.7cm)
depth	6.5" (16.5cm)
weight	11 lbs
finishes	Furniture Grade Wood Veneer available in Cabernet and Espresso
